### SUMMARY

**Start-Up Chile** is a public business accelerator program created by the Chilean Government for high-potential entrepreneurs to bootstrap their startups using Chile as a platform to go global. Up today, is one of the biggest and most diverse accelerators in the world. **Start-Up Chile** has a large portfolio, receiving 250 companies a year. This deal flow is represented by 3 distinct programs based on the stage of the startup:

#### THE S FACTORY (TSF)

Pre-acceleration program for startups in early concept stage focusing in female founders. Selected companies receive \$10 million CLP (around USD\$15K) equity free and 3 months acceleration. *Two rounds a year of 20-30 companies each.*

#### SEED

6 months acceleration program for startups with a functional prototype. Selected companies receive \$20 million CLP (around USD\$30K) equity free and 6 months acceleration. *Two rounds a year of 80-100 companies each.*

#### SCALE

Follow-on fund for startups incorporated in Chile, with traction and looking to scale in LATAM and globally. Selected companies receive \$60 million CLP (around USD\$90K) equity free. *Two rounds a year of 15 companies each.*

In each of them, at least **one of the founders of the startup has to settle in Chile and give back to the Chilean society through a social impact program** that aims to promote innovation and entrepreneurship.

### ACCELERATION PROGRAM

Besides the grants and the co-working space, Start-Up Chile offers an acceleration program that includes:

- **SUP ACADEMY:** Training program (workshops, talks and other learning experiences), Platoons (peer to peer monitoring and support) and Pitch Training.
- **CONNECTIONS:** Global and local mentors, investors, and market networks.
- **EVENTS:** External and internal events (Demo Day and Tech Evenings).
- **PERKS:** From USD\$120.000 USD/startup in exclusive benefits and discounts from more than 70 companies.
- **EXPERIENCE:** Soft-landing and networking activities to strengthen the Start-Up Chile community.
